I. General Provisions and Hearing Procedures

A. Preface

The Student Organization Conduct Code (further referred to as “The Code”) is a guiding document at Florida State University which emphasizes the University’s commitment to a campus community which exercises the responsible engagement of student freedoms. The pursuit of responsible freedom is consistent with the tenets of the Seminole Creed and the purpose of Uphold the Garnet and Gold, as students balance their pursuit of excellence and exploration with consideration to the impact of behavior on others. Recognized student organizations serve as a vehicle for students to act and conduct their collective interests and activities while adhering to the aforementioned principles.

Engagement in student life at Florida State University is a “voluntary association of scholars who demand and deserve a positive – and special – living/learning environment, as well as a special approach for enforcing the academic community’s standards” (Stoner & Lowery, 2004, p.5). As such, student conduct at Florida State University embraces the University’s commitment to an educational experience that provides students with an understanding of the complex moral issues inherent in human life and develop “the knowledge and skills for effective and responsible participation in the world.” The Code reemphasizes the dignity and worth of each person and substantiates the need for an inclusive environment to support the betterment of all persons in the Florida State University community. “The University is a compassionate community. In its treatment of students, it recognizes the wisdom both of letting students experience the consequences of their actions and of providing the opportunity to learn and grow in ways that can overcome past difficulties” (Florida State University, 2016).

The right of all students to seek knowledge, debate ideas, form opinions, and freely express their ideas is fully recognized by Florida State University. This Code applies to student conduct and will not be used to impose discipline for the lawful expression of ideas. Specific restrictions on time and place of meetings and assemblies are found in Oglesby Union and other University rules, regulations, or policies.

B. Definitions

For any terms not directly addressed within this section but relevant to the administration of the student organization conduct process, the Vice President for Student Affairs or designee remains the final authority on any discrepancy.

1. **Advisor.** The term “advisor” means any one person chosen by the student organization representative or witness to assist an individual throughout the student organization conduct process, unless service in this capacity would unreasonably conflict with the fair administration of the student organization conduct process as determined by the appropriate Student Conduct Authority. The University is not responsible for selecting an advisor for any organization navigating the student organization conduct process.
2. **Business day.** The term “business day” refers to any weekday Monday through Friday in which Florida State University is in operation. This does not include University holidays and closures.
3. **Hearing.** The term “hearing” means an informal or formal proceeding, conducted by a hearing body in accordance with the Student Organization Conduct Code, through which determinations of responsibility and non-responsibility are made and sanctions imposed.

7. **Preponderance of the Information.** “Preponderance of the information” means that the information, as a whole, shows that the fact sought to be proved is more probable than not. This standard shall be used in adjudicating all student conduct cases within this Student Organization Conduct Code.
8. **Recognized Student Organization.** The term “recognized student organization” refers to an organization that has been approved by the Student Activities Center, as designee of the Vice President for Student Affairs, to function at Florida State University. Further stipulations regarding recognition are outlined in FSU-3.0015 Student Organizations and Activities.

15. **University Community.** The term "University community" includes any person who is a student, faculty member, University official, visitor, contractor, volunteer, representative of the University, or any other person employed by the University. It also includes recognized student organizations and their members (active or inactive), officers, guests, contractors, and agents.

C. Scope

Florida State University's jurisdiction regarding student organization conduct is generally limited to the conduct of any recognized student organization on Florida State University premises. In addition, the University reserves the right to examine conduct, regardless of location, when that conduct may adversely affect the University community or its international programs.

In addition, the following stipulations are considered regarding scope.

1. The processes for adjudicating violations of federal law, state law, or local ordinance and violations of the Code are separate and may be pursued independently and/or simultaneously.
2. The University reserves the right to determine how the timing of the incident impacts the initiation or completion of the student organization conduct process.
3. The University reserves the right to determine how an organization's status with the University impacts initiation or completion of the student organization conduct process.
4. The University reserves the right to restrict contact with specified people when facts and circumstances dictate such action. Such restrictions include but are not limited to No Contact Orders. There is no need for present student organization conduct action in order for a No Contact Order to be issued. No Contact Orders can be administratively issued to all parties involved in a conflict.
5. The University reserves the right to determine what University personnel have an educational need-to-know regarding the status and/or outcome of conduct processes and to provide notice to relevant University personnel as determined by the Director of Student Rights & Responsibilities.

D. Authority

Authority for student organization discipline ultimately rests with the President of Florida State University (hereinafter "President") and the Florida State University Board of Trustees, who delegate this authority to the Vice President for Student Affairs (hereinafter "Vice President"). The Vice President delegates this authority to the Dean of Students and Assistant Dean of Students/Director of the Office of Student Rights & Responsibilities.

1. The Vice President and the Dean of Students or designee have the authority to designate individuals as hearing or appellate officers, when appropriate.
2. Under the direction of the Dean of Students and Associate Deans of Students, the Assistant Dean of Students/Director of the Office of Student Rights & Responsibilities is responsible for implementing the student organization conduct system. Implementation includes, but is not limited to, selection and training of hearing officers.
3. All hearing bodies have the authority to consult with other appropriate University officials in order to resolve a student organization conduct case effectively.
4. Resolutions of a first-level decision are further addressed under "Procedures."
5. The initial decision or recommendation of a hearing body is considered a first-level student organization conduct action. If a first-level student organization conduct action is not appealed as provided within the Code, the initial decision becomes final agency action.
6. The authority of appellate officers is further enumerated in the Code section on "Appeals." Appellate decisions are considered recommendations to the Vice President or designee and become final agency action upon approval by the Vice President or designee.

E. Group Responsibility

Any student organization can be held responsible for its actions or the actions of those affiliated with the organization, including but not limited to: one or more of its members (active or inactive), former members, alumni, guests, contractors, and agents. Every organization has the duty to take all reasonable steps to prevent violations of University regulations and state laws growing out of or related to the activities of the organization. To this end, each organization is expected to educate its members regarding their risk management policy and all applicable University policies and state laws.

1. In determining whether a group may be held collectively responsible for the individual actions of its members, guests, contractors, and/or agents, all of the available factors and circumstances surrounding the specific incident will be reviewed and evaluated. There is no minimum number of group members who must be involved in an incident to determine group responsibility. A student organization may be subject to discipline for activities not sponsored by the student organization where the majority of the persons present or responsible for the activity are members or guests of members of the student organization.
2. Misconduct on the part of the organization may be addressed when one or more of the following factors exist:
 - a. Members of the organization (active or inactive), alumni, former members, agents, contractors, or guests act together to violate the Student Conduct Code or Student Organization Conduct Code;
 - b. One or more officers or members of an organization are present at an organization-sponsored, organization-financed, or otherwise supported activity or event has knowledge of the event, planned unlawful conduct and/or conduct in violation of the Student Conduct Code or the Student Organization Conduct Code before it occurs and fails to take preventative or corrective action or fails to stop unlawful behavior while it is occurring at such event;
 - c. A violation occurs on premises and/or transportation owned, operated, or rented exclusively by the student organization;
 - d. A pattern of individual violations has occurred and/or continues to occur without adequate control, response, or sanction on the part of the student organization or its leaders;

1. Sexual Misconduct

- a. Sexual Violence: Any sexual act performed without the consent of the reporting party, or that occurs when the reporting party is unable to give consent. Consent to sexual activity must be knowing, intelligent, unambiguous, and voluntary. Consent is active, not passive. There must be a clear and willing participation, through words or actions, for each sexual act. Submission to sexual activity that is the result of force, coercion, or threats is not valid consent.
 - i. Consent to one type of sexual activity does not imply consent to other types of sexual contact. There must be consent at every stage of the sexual encounter.
 - ii. Past consent to sexual activity does not imply consent to future sexual activity.
 - iii. Consent can be withdrawn at any time, including in the middle of a sexual encounter, if the withdrawal of consent is clearly indicated by words or actions.

Individuals who are incapacitated by voluntary or involuntary alcohol or drug use (legal, illegal, or prescription); asleep; unconscious; mentally impaired by disease or illness; or under 18 years old cannot give consent to sex (no matter what they say or do).  - i. Submission to such conduct is made an explicit or implicit term or condition of employment, academic status, receipt of University services, participation in University programs; or
 - ii. Submission to or rejection of such conduct is used as the basis for an academic or employment decision; or
 - iii. The conduct is sufficiently severe, frequent, or wide-spread that, both subjectively (to the reporting party) and objectively (to a reasonable person), it: (1) creates an intimidating, hostile, or offensive work environment; or (2) denies, interferes with, or limits an individual's ability to participate in or benefit from opportunities, university programs, or activities.
- c. Sexual Exploitation: Any act of taking non-consensual, unjust, or abusive sexual advantage of another person for one's own advantage or benefit or to benefit or advantage anyone other than the person being exploited. Sexual Exploitation includes but is not limited to:

Behaviors may include, but are not limited to: threats, name-calling, put-downs, isolation, withholding of money, physical harm, and sexual assault.
- f. Domestic Violence: Hurtful, repeated, and intentional behavior that one person uses to maintain power and control over another in an intimate relationship. The behavior can manifest as abuse that is verbal, emotional, psychological, physical, or sexual. - b. Providing a signed statement to the Office of Student Rights and Responsibilities or providing a statement through a secure University reporting function.
- c. All information received related to recognized student organizations affiliated with one of the four governing Greek councils at Florida State University is reviewed by representatives from all four Greek councils (i.e., Interfraternity Council, Multicultural Greek Council, National Pan-Hellenic Council, Panhellenic Association) and representatives from the Office of Fraternity & Sorority Life and the Office of Student Rights & Responsibilities. This group recommends to the Director for the Office of Student Rights & Responsibilities as to whether formal Code charges will be filed or if alternative action, including mediation, is appropriate. When practical, reports should be submitted to the appropriate Student Conduct Authority in a timely manner.
- d. If a case involving alleged sexual misconduct is reported to a Student Conduct Authority, said authority has an obligation to report this matter to the appropriate Title IX authority, in adherence with the University's Sex Discrimination and Sexual Misconduct Policy. A Title IX investigation of the matter must occur, with a recommendation to review for possible student conduct charges, before any Student Conduct Authority can review said matter.
- e. Formal Code charges may be filed at the completion of all law enforcement and relevant University investigations or as soon as practicable, even if a law enforcement investigation or criminal proceeding is ongoing.

2. Notice

The written notice given to any student organization will include the following:

- a. Sufficient detail to prepare a response (including source of information, alleged violation, and specific Student Organization Conduct Code charges).
- b. An invitation to attend an information session, during which the student organization's representative may view all materials related to the case, receive instruction regarding the student organization conduct process and the student organization's rights, and confirm the forum in which the case will be heard.
- c. Notice of a formal hearing will occur at least five (5) business days prior to the hearing of the case. Informal proceedings will be scheduled at the convenience of the responding party and the hearing body.
- d. Parent(s) of any student under the age of eighteen at the time of the alleged violation may also be notified of pending charges.
- e. The Office of Student Rights and Responsibilities working in conjunction with appropriate University offices and/or organization advisors may place restrictions on the student organization if the representative fails to address the Student

Organization Conduct Code charges in a timely manner.

- f. The contact information on file with the Student Activities Center and/or relevant University offices will be used for all notices sent to the student organization regarding the conduct process.

3. Hearing Bodies and Authorities

Any specific procedures used by hearing bodies will comply with the requirements of the Code. The range of available hearing bodies may differ on branch campuses or International Programs locations.

- a. The Director of Student Rights and Responsibilities (and designee(s)) may conduct both informal and formal hearings.
- b. A hearing officer designated by the Dean of Students may conduct formal hearings on student organization cases.
- c. The Dean of Students and Associate Deans of Students may conduct formal hearings on student organization cases.
- d. The Student Conduct Board may conduct formal hearings on student organization cases. Panels are composed of five (5) Student Conduct Board members selected by the Office of Student Rights and Responsibilities. In times of limited student availability or when conflicts are identified, hearings may proceed with less than five (5), but not less than three (3), Student Conduct Board members. The Director of Student Rights & Responsibilities will designate appropriate staff to serve as advisors to the Student Conduct Board.
- e. An Administrative Hearing Panel may conduct formal hearings on student organization cases. Panels are composed of one (1) faculty member, one (1) staff member, both designated by the Dean of Students (or designee), and two (2) Student Conduct Board members. In times of limited student availability, panels may proceed with one (1) Student Conduct Board member, with approval from the Office of Student Rights and Responsibilities and consent of the responding party and reporting party (if any). The Director of Student Rights & Responsibilities (or designee) will serve as an advisor to the administrative hearing panel.
- f. Greek Conduct Boards may conduct formal hearings involving Student Organization Conduct Code charges against registered student organizations affiliated with one of four governing Greek councils at Florida State University. Greek Conduct Boards are composed of five (5) members selected by the Office of Student Rights & Responsibilities. In times of limited student availability or when conflicts are identified, hearings may proceed with less than five (5), but not less than three (3) Greek Conduct Board members.

4. Types of Hearings

Two (2) distinct types of resolution are provided for by the Code. Informal hearing resolutions are held when cases involve few or no disputed questions of fact and possible sanctions do not include separation from the University. Formal hearings are held when cases involve disputed questions of fact or serious alleged violations of the Code (i.e. violations that could lead to separation or loss of recognition of the student organization).

- a. Formal Hearings:
 - 1. Require the hearing body to call appropriate witnesses or obtain witness statements, reports, or other information in support of the charges.
 - 2. Will be held no sooner than five (5) business days after notice is received by

the responding party. The student organization may submit a written request to hold the hearing before the five (5) business days. The request will be considered and acted upon by the Office of Student Rights and Responsibilities.

3. Will be audio recorded. This recording will serve as the official record of the proceedings.
 4. A formal decision letter will be sent to the student organization within ten (10) business days from the conclusion of the hearing. This time limit may be extended if additional consideration of evidence and deliberation is required.
 5. The following order of presentation is recommended for use in formal hearings. The hearing body may change the order if deemed appropriate.
 - a. Presentation of formal charges.
 - b. Opening statement by the University.
 - c. Opening statement by the reporting party, if applicable. This party may waive the right to provide an opening statement.
 - d. Opening Statement by the responding party. This party may waive the right to provide an opening statement.
 - e. Presentation of information and witnesses by the reporting party, if applicable. The reporting party may open with questions to their witnesses, followed by the University, and then the responding party. Witnesses are dismissed when all related parties (i.e., reporting party, University, and responding party) have exhausted all questions.
 - f. Presentation of information and witnesses by the University. The University will open with questions, followed by the reporting party, and then the responding party. Witnesses are dismissed when all related parties (i.e., University, reporting party, and responding party) have exhausted all questions.
 - g. Presentation of information and witnesses by the responding party, if applicable. The responding party may open with questions to their witnesses, followed by the University, and then the reporting party. Witnesses are dismissed when all related parties (i.e., responding party, University, and reporting party) have exhausted all questions.
 - h. Questions directed to the responding party by the hearing body followed by the reporting party, if applicable.
 - i. Closing statement by the University, followed by the closing statement of the reporting party and the responding party. Either party may waive the right to provide a closing statement.
- b. Informal hearings:
1. The University does not automatically call witnesses to support the charges, although the hearing body may gather any additional information needed, including calling witnesses. The responding party will be informed of any additional information gathered by the hearing body. The responding party may call witnesses and present evidence.
 2. Hearings are scheduled at the convenience of both the responding party and the hearing body.
 3. In cases of a first-time violation or a case which would not result in possibly significant sanctions, the Director of Student Rights & Responsibilities (or designee) can approve for a responding party to resolve their student

organization conduct case through an Informal Hearing Case Resolution. This option allows a responding party to accept responsibility and agree to assigned sanctions from an informal hearing officer.

- a. Before signing an Informal Hearing Case Resolution form, a responding party will be afforded no more than five business days to consider their options.
 - i. Option 1- Sign an Informal Hearing Case Resolution form. This action constitutes the responding party accepting responsibility for the alleged behavior and agreeing to the assigned sanctions. Signing this document will constitute final action.
 - ii. Option 2 – A responding party may choose to Petition Sanctions. The responding party must write a letter to the Director of Student Rights & Responsibilities to demonstrate why a change in sanctions is warranted. This option still requires the student organization to accept responsibility for the alleged action.
 - iii. Option 3 – The responding party may choose to move forward with selecting a formal hearing with the Student Conduct Board or Greek Conduct Board.
 - b. Informal Hearing Case Resolution is not available in matters that involve a reporting party or the possibility of suspension, dismissal, or expulsion as sanctions.
4. Brief written decisions (including findings of fact) will serve as records of informal hearings and will be communicated within ten (10) business days of the hearing body's final meeting with the student organization. This time limit may be extended if additional consideration of evidence and deliberations are required.

5. Hearing

Hearings will follow these guidelines:

- a. All hearings will use a reasonable person standard when assessing whether the information presented constitutes a preponderance of the information.
- b. Unrelated past behavior of the responding party will be excluded from the hearing. The hearing body will decide if such information is unrelated.
- c. In instances of alleged sexual misconduct, past sexual history of the reporting party and responding party is not relevant, unless deemed essential by the hearing body to protect fundamental due process.
- d. A responding party and reporting party will have the opportunity to present evidence on their behalf, including presenting witnesses, if available, and /or signed, written statements from witnesses, and other documentary evidence. Witness testimony is not required and the inability of the responding party or reporting party to question a witness who has provided a written statement is not a violation of the due process rights of either party, as both parties have the opportunity to review and respond to the written statement and may offer evidence to rebut the witness statement and other evidence presented at the hearing. Witness statements are entitled to be given the same weight by the hearing body as live witness testimony. Witness statements need not be sworn or in affidavit form.
- e. A responding party or reporting party may submit a challenge to the impartiality of any member of a hearing body to the Office of Student Rights and

Responsibilities or the hearing body. Decisions on challenges shall be final and not subject to appeal.

- f. The responding party, reporting party, and any witnesses may be accompanied during the hearing by an advisor. According to FSU Regulation FSU-3 .006, the University Defender may serve as an advisor. Students are required to address the hearing body in person, on their own behalf, although they may consult with their advisor during the hearing. This consultation must take place in a manner that does not disrupt the proceedings. The advisor shall not speak on behalf of the student organization unless expressly authorized to do so by the hearing body. The responding party, reporting party, and any witnesses shall provide the advisor's name in writing to the Office of Student Rights and Responsibilities two (2) business days prior to the hearing. The advisor may not serve as a witness.
- g. A student or witness may choose to not answer any or all questions posed by a hearing body. However, protection from self-incrimination does not extend to student organizations.
- h. The burden of proof at a first-level hearing always rests with the University. The standard of proof will be the preponderance of the information, meaning that the information, as a whole, shows that the information sought to be proved is more probable than not.
- i. The formal rules of evidence do not apply to Code proceedings.
- j. All hearings for student organizations will be public. There is no requirement to obtain a larger hearing room to accommodate members of the public who wish to attend the hearing, so long as one (1) member of the public may be present. Charges involving alleged sexual misconduct will not be heard in public without prior written consent of all involved parties (i.e., the reporting party and the responding party).
- k. Appropriate witnesses will be called by the University to all formal hearings (see below for a description of formal versus informal hearings). Those witnesses who appear may be cross-examined by all involved parties. If called witnesses do not appear, their written or taped statements may be considered by the hearing body. In some cases, student witnesses who fail to appear may be charged with a violation of the Student Conduct Code. Appropriate witnesses may also be called by the involved parties to all hearings, provided they are reasonably available and do not disrupt or delay the hearing. In the event a witness is not reasonably available or the witness's presence may disrupt the hearing, a written statement from the witness may be substituted. Witness statements need not be sworn or in affidavit form.
- l. In certain cases, the responding party or reporting party requests to testify in a separate room will be considered. Considerations may include but is not limited to unduly compromising the responding party's fundamental due process right to question any witness.
- m. Hearings may be held in the responding party's or reporting party's absence, if either party fails to appear after proper notice or fails to cooperate in the Code process.
- n. In certain cases, a reporting party may be allowed to submit an impact statement to the appropriate Student Conduct Authority. The responding party may request to view the impact statement. The request will be considered by the appropriate Student Conduct Authority in consultation with the reporting party.
- o. Prior records of Student Organization Conduct Code action and witness/reporting

party impact statements are considered by the hearing body only in the sanctioning phase of deliberations.

- p. The hearing body's determination of "responsible" or "not responsible" will be based solely on the information presented at the hearing. However, when additional information that affects this determination is gathered outside the hearing, it may be used, provided it is shared with the responding party and reporting party and both parties have an opportunity to respond to the information. In cases involving multiple students or organizations charged, information provided at one hearing may be used as evidence in the related case(s).
- q. To request the cancellation of a previously scheduled formal hearing, involved parties must submit a written statement to the Office of Student Rights and Responsibilities five (5) business days prior to the hearing date. At the discretion of the Director of the Office of Student Rights and Responsibilities (or designee), the hearing may be rescheduled or conducted in the absence of the responding party or reporting party.
- r. All first-level recommended decisions will be communicated in writing to the responding party and reporting party and will include the findings of fact, determination of responsibility, sanctions (if applicable), and notice of appellate rights.

6. Hearing Decisions

Decisions of all authorized hearing bodies constitute first-level student conduct action. Decisions of specific hearing bodies may require further review before constituting first-level student conduct action.

- a. Decisions of single administrators constitute first-level student conduct action.
- b. Decisions of all Student Conduct Board and Greek Conduct Board hearings are considered recommendations to the Director of Student Rights & Responsibilities or designee.
- c. Decisions of administrative hearing panels are recommendations to an Associate Dean of Students or the designee of the Dean of Students.
- d. All recommended Student Organization Conduct Code decisions must be approved in writing by the appropriate authority or designee and only then will be communicated to the student organization. The appropriate authority may adopt or amend the recommended decision, or order a new hearing. Prior to amending or ordering a new hearing, the authority will confer with the appropriate hearing body.
- e. All resolution of first-level student organization conduct hearings where suspension, dismissal, or expulsion are assigned as a sanction will be reviewed by the Dean of Students or designee prior to decision notification.
- f. If a first-level student organization conduct action is not appealed as provided herein, that decision becomes final agency action.
- g. Appellate officers are listed in Section 3 "Appeals." Appellate decisions are considered recommendations to the Vice President and become final agency action upon approval by the Vice President (or designee).

II. Sanctions

A. Philosophy and Approach

Florida State University believes sanctions facilitate learning through the student organization conduct process, providing tools and resources to recognized student organizations in an effort for students to make better decisions in the future. Hearing bodies are encouraged to consider educational sanctions which encourage critical thinking as well as sanctions that consider accountability for one's actions and the safety and security of the University community.

In light of the facts and circumstances of each case, the following sanctions, or combination of sanctions (with or without appropriate modifications) may be imposed upon any recognized student organization found to have violated the Student Organization Conduct Code. Certain sanctions may result in a financial cost to the student organization. If a student organization does not complete a sanction by the required deadline, the Office of Student Rights & Responsibilities, working in conjunction with University offices and/or organization advisors may place restrictions on the organization. This includes but is not limited to a loss of recognition by the University until all sanctions are complete.

B. List of Sanctions

The sanctions listed below are not intended to serve as an exhaustive list of all sanctions the University may be able to utilize regarding a given student organization conduct concern.

1. Reprimand (written or verbal).
2. Service Hours. Completion of tasks under the supervision of a University department or outside agency.
3. Educational Activities. Attendance by members of the student organization at educational programs, interviews with appropriate officials, planning and implementing educational programs, or other educational activities.
4. Restitution. Only in cases involving University property. Restitution must be submitted to the appropriate University department in a manner that is approved by that University department.
5. Probation and Suspension-Related Restrictions. As a condition of a sanctioned probation or suspension from the University, restrictions can be applied as well. Some of the restrictions that may be placed on the student organization during the probationary period include, but are not limited to barring or limiting some or all of the organization's activities and/or privileges (including but not limited to: social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position), entrance into University residence halls or other areas of campus, or contact with other specified person(s).
6. Conduct Probation. A period of time during which any further violations of the Student Conduct Code may result in more serious sanctions being imposed. Some of the restrictions that may be placed on the student during the probationary period include, but are not limited to: participation in student activities, representation of the

- University on athletic teams or in other leadership positions, entrance into University residence halls or other areas of campus, or contact with other specified person(s).
7. Disciplinary Probation. A period of time during which any further violation of the Student Organization Conduct Code puts the student organization's status with the University in jeopardy. If the student organization is found "responsible" for another violation of the Code during the period of Disciplinary Probation, serious consideration will be given to imposing a sanction of Suspension or Dismissal from the University. Restrictions listed in Sanction #6 (listed above) can also be applied as a condition of Disciplinary Probation.
 8. Suspension. Separation from the University for a specified period, not to exceed two (2) years. This may include restricted access to campus and/or other specified activities. Restrictions listed in Sanction #6 (listed above) can also be applied as a condition of Suspension. While an organization is suspended, it may not use University resources or participate as an organization in any University activities or events. Regaining recognition with related Oglesby Union offices (e.g., Student Activities Center) and/or governing Greek councils (if applicable) is possible but not guaranteed and will only be considered after the conclusion of the suspension period, based on meeting all recognition criteria as set by the aforementioned areas and obtaining clearance from the Office of Student Rights & Responsibilities.
 9. Dismissal. Prohibition for any University organization recognition and all University activities for at least two (2) years and up to seven (7) years. Restrictions listed in Sanction #6 (listed above) can also be applied as a condition of Dismissal. Regaining recognition with related Oglesby Union offices (e.g., Student Activities Center) and/or governing Greek councils (if applicable) is possible but not guaranteed and will only be considered after the conclusion of the dismissal period, based on meeting all recognition criteria as set by the aforementioned areas and obtaining clearance from the Office of Student Rights & Responsibilities.
 10. Restrictions on contact with specified people.

Additional sanctions may be imposed that are specific to student organizations, found in Greek and other organizational constitutions, or in Oglesby Union and Student Activities Center policies.

III. Appeals

A. Function

An appeal may be requested on any first-level decision, provided that one or more of the reasons for appeal listed in Section 3.D “Appeal Requests” is relevant to the case. On appeal, the burden of proof rests with the student organization to show clearly that a fundamental due process error that would substantially impact the outcome of the hearing has occurred during the first level hearing process. The appellate body varies depending on the initial hearing body and is outlined below.

B. Appeals Involving Reporting and Responding Parties

In the event that an incident involves a reporting party (including but not limited to cases involving allegations of sexual misconduct, endangerment, harassment, stalking and hazing), both the responding party and the reporting party have the right to appeal the first-level decision. In the event that both parties submit an appeal request within the stated timeframe (see “Appeal Requests” below), one appellate officer will be assigned and one appeal hearing will be conducted (see “Appellate Officers” below). Both parties will be provided the opportunity to attend the appeal hearing and the appeal decision outcome will be communicated to both parties. If the responding party appeals, the reporting party will be notified of the appeal, will be provided the opportunity to attend the appeal meeting and will be notified of the appeal outcome. If the reporting party appeals, the responding party will be notified of the appeal, will be provided the opportunity to attend the appeal hearing and will be notified of the appeal outcome. If either party wishes to respond to the original appeal request, the other party will be afforded an opportunity to respond to the appeal, specifically if said individual is unavailable to attend a possible appeal meeting.

C. Appellate Officers

As noted in the section titled “Authority” of this Code, the Vice President and Dean of Students have the authority to designate individuals as hearing or appellate officers, when appropriate.

1. Recommended decisions of the Student Conduct Board may be appealed to the Dean of Students (or designee).
2. Recommended decisions of the Greek Conduct Board may be appealed to the Dean of Students (or designee).
3. Recommended decisions of Administrative Hearing Panels may be appealed to the Dean of Students (or designee).
4. Recommended decisions of the Director of the Office of Student Rights and Responsibilities (and designees) may be appealed to the Dean of Students (or designee).
5. Recommended decisions of other hearing officers appointed by the Dean of Students may be appealed to the Dean of Students (or designee, including a panel).
6. Recommended decisions of the Dean of Students may be appealed to the Vice President (or designee).

D. Appeal Requests

1. A written request must be submitted to the Office of Student Rights and Responsibilities or University Housing within five (5) business days after the student organization is notified of the initial hearing decision.

2. The request shall state the reason(s) for appeal (see numeral 3 below), the supporting facts, and the recommended way to correct the error.
3. Appeals are not opportunities for full re-hearings of cases already decided. Appeal considerations are limited to:
 - a. Due process errors involving violations of a responding party's fundamental due process rights or a reporting party's rights (see "Procedures") that substantially affected the outcome of the initial hearing.
 - b. Demonstrated prejudice against any party by the person presiding over the hearing. Such prejudice must be evidenced by a conflict of interest, bias, pressure, or influence that precluded a fair and impartial hearing.
 - c. Newly discovered, relevant information that was not reasonably available at the time of the original hearing and that would have substantially affected the outcome of the original hearing.
 - d. A sanction that is extraordinarily disproportionate to the violation committed.
 - e. The preponderance of the evidence presented at the hearing does not support the finding with regard to responsibility. Appeals based on this consideration will be limited solely to a review of the record of the first-level hearing, except newly discovered evidence under sub-bullet 3(c) above may also be considered.

E. Appellate Review

1. Will involve an initial file review by the appellate officer. The appellate officer may make a determination based solely on this review. The outcome of the file review may become the official decision (see Section 3.F "Appellate Recommendations and Decisions").
2. If the appellate officer determines a need for additional information, that officer may request written materials and/or an appeal meeting with the responding party and/or reporting party (see numerals 3-7 below).
3. If deemed necessary, an appeal meeting will be scheduled within ten (10) business days of receiving the written request for appeal.
4. If deemed necessary, an appeal meeting will involve speaking with the responding party and/or reporting party and any witnesses called by either party; the appellate officer may determine whether there is a need to call any further witnesses or gather additional information.
5. An appeal meeting will be audio recorded; this recording will serve as the official record of the meeting.
6. The responding party and/or reporting party will be afforded the opportunity to bring an advisor to the appellate meeting.
7. All appellate meetings will be fair and impartial. The responding party and/or reporting party may submit a written challenge to the impartiality of any appellate officer to the Office of Student Rights and Responsibilities.
8. If the responding party and/or reporting party fails to appear at the scheduled appeal meeting after proper notice or otherwise fails to cooperate with the Student Organization Conduct Code process, the meeting may still be held in their absence.
9. During an appeal period, any action that would have gone into effect as a result of a first-level decision is placed on hold until the full conclusion of the appellate process. Discretion is provided to the appropriate Student Conduct Authority if the immediate

health and safety needs of a community may require a modification of this expectation.

F. Appellate Recommendations and Decisions

1. The appellate officer may recommend to affirm, modify, or reverse the first-level decision; or order that a new hearing be held. The appellate officer may not modify or reverse a finding of "not responsible," but may recommend that the finding be set aside and a new hearing be held.
2. All appellate recommendations are transmitted to the Vice President. The Vice President (or designee) has the right to affirm, modify, or reverse the recommendation, or to order a new hearing.
3. The final decision is communicated in writing within fifteen (15) business days of an appellate hearing. This time period may be extended if necessary for consideration of the record on appeal.
4. Once approved by the Vice President (or designee), appellate recommendations become final agency action. Final agency action decisions may be appealed by writ of certiorari to the Second Judicial Circuit in and for Leon County, Florida.
5. Except in the case of an interim disciplinary action pursuant to Section (5) below, the responding party's status will remain unchanged until the appellate process is final.

IV. Records

A. Records Maintenance

Records of all student conduct cases will be maintained in the Office of Student Rights and Responsibilities or in University Housing. Records which result in a finding of not responsible or result in suspension or a less severe sanction shall be destroyed in compliance with Florida Public Records law. Records of student organization conduct actions which result in a change in the organization's recognition status will be removed seven (7) years after the date of completion. Records of student organization conduct actions which result in an organization's permanent separation from the University will not be removed from the official record under any circumstances. Any records kept beyond this limit is for statistical purposes will not be considered or released as official student conduct records.

B. Release of Records

The release of student conduct records will be governed by applicable federal and state laws regarding the privacy of education records. General information regarding the outcome of student conduct proceedings (without identifying information) may be released to the public.

C. Copies of Records

1. Recordings of hearings may be reviewed at the Office of Student Rights and Responsibilities. The Office of Student Rights and Responsibilities may require the reviewer to sign a confidentiality agreement as a condition of the review. Copies of recordings are not available unless all parties and witnesses have provided written confidentiality waivers.
2. Transcripts of recorded hearings will not be prepared by the University. Any person desiring a transcript of a recorded hearing should contact the Office of the General Counsel, which will arrange for the preparation of the transcript by a court reporting service. The court reporting service will provide the transcript to the Office of the General Counsel, which will perform a confidentiality review of the transcript and redact any confidential or exempt information pursuant to state or federal law. The requester shall bear the cost of the transcript preparation and confidentiality review.

V. Interim Disciplinary Action

Based upon a student organization's alleged behavior, the Vice President, the Dean of Students, (or their designee(s)) may impose an interim disciplinary action prior to the initiation of formal charges under the Student Organization Conduct Code or to a student organization's hearing on the facts of the case.

1. When the student organization's actions /behaviors affect the safety, health, or general welfare of a student and/or the University community, an interim disciplinary action may be issued. Some of the restrictions that may be placed on the student organization during the interim disciplinary period also include, but are not limited to barring or limiting some or all of the organization's activities and/or privileges (e.g., social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position), entrance into University residence halls or other areas of campus, or contact with other specified person(s). While on interim disciplinary action, the student organization temporarily loses its status as a recognized student organization for the duration of the interim disciplinary action period. At the conclusion of the student organization conduct process, the loss of recognition either continues as a condition of sanctions or is restored as a result of a student organization conduct hearing decision. During a student organization's interim disciplinary action period, the student organization may not use University resources or participate as an organization in any University activities or events.
2. The interim disciplinary action may include notification of appropriate faculty and staff, and restrictions including but not limited to, suspension, limited class attendance, use of University facilities, participation in student activities, representation of the University on athletic teams or in other leadership positions, entrance into University residence halls or other areas controlled, leased or used by the University, or contact with specified person(s).
3. An interim disciplinary action requires that the student organization be notified in writing. Various forms of correspondence (e.g., in-person delivery, certified mail, electronic) may be used to communicate the interim action.
4. Interim disciplinary action does not supplant the student organization conduct process, which shall proceed on normal schedule and follow established procedures noted in the Code.
5. The student organization may request a challenge of the interim disciplinary action to address the restrictions imposed. The student organization's challenge must be in writing and submitted to the Dean of Students. The focus of a challenge of interim disciplinary action is to determine whether immediate action is warranted to protect the safety and well-being of the University community regarding concerns of alleged student organization misconduct.
6. If a challenge is requested on the interim disciplinary action, a meeting will be scheduled within three (3) business days of the receipt of a written request. The Dean of Students (or designee) will conduct the meeting.
7. At any requested challenge, information will be presented in support of any challenged interim disciplinary action. The responding party may offer statements or other information to rebut any grounds offered in support of the interim disciplinary action.
8. A student organization is afforded the right to have an advisor present at this meeting. The student organization is required to utilize an organization representative to address the

FSU-3.0041 Student Organization Conduct Code

- Dean of Students (or designee) in person, on behalf of the student organization, although the organization representative may consult with their advisor during the meeting. This consultation must take place in a manner that does not disrupt the proceedings. The advisor shall not speak on behalf of the student organization unless expressly authorized to do so by the administrator conducting the meeting. The responding party shall provide the advisor's name in writing to the Office of Student Rights and Responsibilities or University Housing two (2) business days prior to the meeting. The advisor may not serve as a witness.
9. The student organization may present any information during the challenge of the interim disciplinary action. The presentation of witnesses is at the discretion of the administrator conducting the meeting.
 10. The student organization will be notified of the outcome of the meeting in writing. The written notification of the outcome is final as to the interim disciplinary action, pending the final results of the Student Organization Conduct Code process. In the event there is a Reporting Party involved, said individual(s) will be informed of the outcome of an interim disciplinary action challenge.
 11. Formal student organization conduct charges may be filed at the completion of all law enforcement and relevant University investigations or as soon as practicable, even if law enforcement investigations or criminal proceedings are ongoing.
