## **FSU-ER15-4 Student Organization Conduct Code**

### (1) General Provisions and Hearing Procedures.

Introduction. The Student Organization Conduct Code applies the principles found in the “Statement on Values and Moral Standards at Florida State University” to student organizations through which students act and conduct their collective interests and activities. Recognized student organizations enjoy substantial privileges throughout the University community and beyond and must be held to the same standard of conduct as individual students. The Student Organization Conduct Code promotes responsible freedom for all students. Responsible freedom is exercised when actions are directed by ethical standards. This Code seeks to apply the principle of responsible freedom as it guides the conduct of Florida State University student organizations. Moreover, the Code operates as a vehicle for informing student organizations about their rights and responsibilities while reinforcing the development of ethical standards that make responsible freedom possible. The “Statement of Values and Moral Standards at Florida State University” is found in the current FSU Online Student Policy Handbook.

(a) Scope. Florida State University jurisdiction regarding student organization conduct includes conduct of any recognized student organization that occurs on Florida State University premises. In addition, the University reserves the right to examine conduct, regardless of location, when that conduct may adversely affect the University community or its international programs. The University reserves the right to restrict contact with specified people when the facts and circumstances dictate such action. The right of all students to seek knowledge, debate ideas, form opinions, and freely express their ideas is fully recognized by Florida State University. This Student Organization Conduct Code applies to student organization conduct and will not be used to impose discipline for the lawful expression of ideas.

Specific restrictions on time and place of meetings and assemblies are found in Ogleby Union and other University rules, regulations, or policies. The processes for adjudicating violations of state and federal law and violations of the Student Organization Conduct Code are separate and may be pursued independently and/or simultaneously.

(b) Authority.

Authority for student organization discipline ultimately rests with the President and the University Board of Trustees, who delegates this authority to the Vice President for Student Affairs (hereinafter "Vice President"). The Vice President delegates this authority to the Dean of Students and the Assistant Dean of Students/Director of the Office of Student Rights and Responsibilities. The Vice President and the Dean of Students have the authority to designate individuals as hearing or appellate officers when appropriate.

1. The Vice President (or designee) also has the authority to notify the person listed as the student organization's emergency contact (or other appropriate person) in case of an emergency involving that student organization.

2. All hearing bodies have the authority to consult with other appropriate University officials in order to resolve a Student Organization Conduct Code case effectively.

3. Decisions of all the Student Conduct Boards and Greek Conduct Boards are considered recommendations to the Director of the Office of Student Rights and Responsibilities (see Section 7 below).

4. All recommended student organization conduct decisions must be approved in writing by the appropriate authority (or designee) and only then will be communicated to the student organization (see Sections 3-6 above). The appropriate authority may adopt or amend the recommended decision, or order a new hearing. Prior to amending or ordering

a new hearing, the authority will confer with the appropriate hearing body. Upon approval, the recommended decision becomes a first-level student conduct action.

5. Decisions of all other hearing bodies constitute first-level student organization conduct actions.

6. If a first-level student organization conduct action is not appealed as provided herein, that decision becomes final agency action.

7. Appellate officers are listed in Section (3), Appeals. Appellate decisions are considered recommendations to the Vice President and become final agency action upon approval by the Vice President (or designee).

(c) Definitions.

The term "advisor" means any one person chosen by the student president of the organization or designee or any witness to assist throughout the student organization conduct process, unless service in this capacity would unreasonably conflict with the fair administration of the student organization conduct process as determined by the Director (or designee) of the Office of Student Rights and Responsibilities.

The advisor may not serve as a witness.

c. Protection from self-incrimination does not extend to student organizations.

d. The burden of proof at a first-level hearing always rests with the University. The standard of proof will be the preponderance of the evidence, meaning that the evidence, as a whole, shows that the fact sought to be proved is more probable than not.

e. The formal rules of evidence do not apply to Student Organization Conduct Code proceedings.

f. All hearings for student organizations will be public. There is no requirement to obtain a larger hearing room to accommodate members of the public who wish to attend the hearing, so long as one (1) member of the public may be present.

g. Appropriate witnesses will be called by the University to all formal hearings.

Those witnesses who appear may be cross-examined by the responding party. If called witnesses do not appear, their written or taped statements may be considered by the hearing body. In some cases, student witnesses who fail to appear may be charged with a violation of the Student Conduct Code. Appropriate witnesses may also be called by the responding party to all hearings, provided they are reasonably available and do not disrupt or delay the hearing. In the event a witness is not reasonably available or the witness's presence may disrupt the hearing, a written statement from the witness may be substituted. Witness statements need not be sworn or in affidavit form.

h. If the responding party fails to appear at the scheduled hearing after proper notice or fails to cooperate with the Student Organization Conduct Code process, the hearing may be held in the responding party's absence.

i. Prior records of Student Organization Conduct Code action and reporting party/witness impact statements are considered by the hearing body only in the sanctioning phase of deliberations.

j. The hearing body's determination of "responsible" or "not responsible" will be based solely on the information presented at the hearing. However, when additional information that affects this determination is gathered outside the hearing, it may be used provided it is shared with the responding party and the student organization has an opportunity to respond to the information. In cases involving multiple students or organizations charged, information provided at one hearing may be used as evidence in the related case(s).

k. To request the cancellation of a previously scheduled formal hearing, the responding party must submit a written statement to the Office of Student Rights and Responsibilities five (5) class days prior to the hearing date. At the discretion of the Director of the Office of Student Rights and Responsibilities (or designee), the hearing

may be rescheduled or conducted in the responding party's absence.

1. All first-level recommended decisions will be communicated in writing to the responding party and will include the findings of fact, determination of responsibility, sanctions (if applicable), and notice of appellate rights.

(2) Sanctions. In light of the facts and circumstances of each case, the following sanctions, or combination of sanctions (with or without appropriate modifications) may be imposed upon any student organization found to have violated the Student Organization Conduct Code. Certain sanctions may result in a financial cost to the student organization. If a student organization does not complete a sanction by the required deadline, the Office of Student Rights and Responsibilities, working in conjunction with University officers and/or organization advisors, may place restrictions on the organization.

(a) Reprimand (written or verbal).

(b) Service Hours - completion of tasks under the supervision of a University department or outside agency.

(c) Educational Activities - attendance by members of the student organization at educational programs, interviews with appropriate officials, planning and implementing educational programs, or other educational activities.

(d) Restitution - Only in cases involving University property. Restitution must be submitted to the appropriate University department in a manner that is approved by that University department.

(e) Conduct Probation - A period of time during which any further violations of the Student Organization Conduct Code may result in more serious sanctions being imposed. Some of the restrictions that may be placed on the student organization during the probationary period include, but are not limited to: participation in student activities,

representation of the University on athletic teams or in other leadership positions, entrance into University residence halls or other areas of campus, or contact with another specified person(s).

Disciplinary Probation - A period of time during which any further violation of the Student Organization Conduct Code puts the student organization's status with the University in jeopardy. If the student organization is found "responsible" for another violation of the Code during the period of Disciplinary Probation, serious consideration will be given to imposing a sanction of Suspension or Dismissal from the University. Some of the restrictions that may be placed on the student organization during the probationary period include, but are not limited to barring or limiting some or all of the organization's activities and/or privileges (including, but not limited to: social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position), entrance into University residence halls or other areas of campus, or contact with another specified person(s).

(f) Suspension - Separation from the University for a specified period, not to exceed two (2) years. This may include restricted access to campus and/or other specified activities. Some of the restrictions that may be placed on the student organization during the suspension period include, but are not limited to barring or limiting some or all of the organization's activities and/or privileges (including, but not limited to: social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University

student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position), entrance into University residence halls or other areas of campus, or contact with another specified person(s). While on suspension the student organization loses its University recognition and/or registration for the suspension period. While an organization is suspended, it may not use University resources or participate as an organization in any University activities or events. Re-recognition is possible but not guaranteed and will only be considered after the end of the suspension period and based on meeting all re-recognition criteria and obtaining clearance from the University.

Dismissal - Prohibition of any University organization recognition and all University activities for at least two (2) years and up to seven (7) years. Re-recognition is possible but not guaranteed and will only be considered after the two to seven year time allotted from the effective date of the dismissal, based on meeting all re-recognition criteria and obtaining clearance from the Dean of Students or designee. This may include restrictions on any and all activities, functions, and governance of the organization.

(g) Recommendation for Charter Revocation: An official request to a national office that the local chapter's charter be revoked.

(h) Restrictions on contact with specified people.

(i) Additional sanctions may be imposed that are specific to student organizations and are found in Greek and other organizational constitutions and in Oglesby Union and Student Activities Center's policies.

(j) If a sanction issued by the National or other governing bodies exceeds that of the University, the University may concur with that sanction.

(3) Appeals.

An appeal may be requested on any first-level decision, provided that one or more

of the reasons for appeal listed in (3) (c) is relevant to the case. On appeal, the burden of proof rests with the student organization to show clearly that a fundamental due process error has occurred during the first level hearing process that would substantially impact the outcome of the hearing. The appellate body varies depending on the initial hearing body and is outlined below.

(a) Appellate Officers.

1. Recommended decisions of the Student Conduct Board may be appealed to the Dean of Students (or designee).

2. Recommended decisions of Greek Student Conduct Boards may be appealed to the Dean of Students (or designee).

3. Recommended decisions of Administrative Hearing Panels may be appealed to the Dean of Students (or designee).

4. Recommended decisions of the Director of the Office of Student Rights and Responsibilities (and designees) may be appealed to the Dean of Students (or designee).

5. Recommended decisions of other hearing officers appointed by the Dean of Students may be appealed to the Dean of Students (or designee, including a panel).

6. Recommended decisions of the Dean of Students may be appealed to the Vice President (or designee).

(b) Appeal Requests.

1. A written request shall be submitted to the Office of Student Rights and Responsibilities within five (5) class days after the student organization is notified of the initial hearing decision.

2. The request shall state the reason(s) for appeal (see Section 3. below), the supporting facts, and the recommended way to correct the error.

(c) Appeals are not opportunities for full rehearings of cases already decided.

Appeal considerations are limited to:

1. Due process errors involving violations of a charged student's organization's fundamental due process rights (see Section (1(g)) that substantially affected the outcome of the initial hearing.

2. Demonstrated prejudice against any party by the person presiding over the hearing. Such prejudice must be evidenced by a conflict of interest, bias, pressure, or influence that precluded a fair and impartial hearing.

3. Newly discovered, relevant information that was not reasonably available at the time of the original hearing and that would have substantially affected the outcome of the original hearing.

4. A sanction that is extraordinarily disproportionate to the violation committed.

5. The preponderance of the evidence presented at the hearing does not support the finding with regard to responsibility. Appeals based on this consideration will be limited solely to a review of the record of the first-level hearing, except newly discovered evidence under Section (c) 3. above may also be considered.

(d) Appellate Review.

1. Will involve an initial file review by the appellate officer. The appellate officer may make a determination based solely on this review. The outcome of the file review may become the official decision (see Section (5) below regarding appellate decisions).

2. If the appellate officer determines a need for additional information, that officer may request written materials and/or an appeal hearing with the responding party.

3. If deemed necessary, an appeal hearing will be scheduled within ten (10) class days of receiving the written request for appeal.

4. If deemed necessary, an appeal hearing will involve hearing the responding party and any witnesses called by the student organization; the appellate officer may

determine whether there is a need to call any further witnesses or gather additional information.

5. An appeal hearing will be audio recorded; this recording will serve as the official record of the hearing.

6. The responding party will be afforded the opportunity to bring an advisor to the appellate hearing.

7. All hearings will be fair and impartial. The responding party may submit a written challenge to the impartiality of any appellate officer to the Office of Student Rights and Responsibilities. Decisions on challenges shall be final and not subject to appeal.

8. If the responding party fails to appear at the scheduled appeal hearing (after proper notice) or otherwise fails to cooperate with the Student Organization Conduct Code process, the hearing may still be held in its absence.

(e) Appellate Recommendations and Decisions.

1. The appellate officer may recommend to affirm, modify, or reverse the first-level decision; or order that a new hearing be held.

2. All appellate recommendations are transmitted to the Vice President. The Vice President (or designee) has the right to affirm, modify, or reverse the recommended decision and enter a final decision, or to order a new hearing.

3. All final decisions are communicated in writing within fifteen (15) class days of an appellate hearing. This time period may be extended if necessary for consideration of the record on appeal.

4. Once approved by the Vice President (or designee), appellate decisions become final agency action. Final agency action decisions may be appealed by writ of certiorari to the Second Judicial Circuit in and for Leon County, Florida.

5. Except in the case of an interim disciplinary action pursuant to Section (5) below, the responding party's status will remain unchanged until appellate process is final.

(4) Records.

(a) Records of all student organization conduct cases will be maintained in the Office of Student Rights and Responsibilities or the Office of Greek Life.

(b) The release of student organization conduct records will be governed by applicable federal and state laws regarding the privacy of education records. General information regarding the outcome of student organization conduct proceedings (without personal identifying information) may be released to the public.

(c) Records of hearings may be reviewed at the Office of Student Rights and Responsibilities. The Office of Student Rights and Responsibilities may require the reviewer to sign a confidentiality agreement as a condition of the review. Copies of recordings are not available unless all parties and witnesses have provided written confidentiality waivers.

(d) Transcripts of recorded hearings will not be prepared by the University. Any person desiring a transcript of a recorded hearing should contact the Office of the General Counsel, which will arrange for the preparation of the transcript by a court reporting service. The court reporting service will provide the transcript to the Office of the General Counsel, which will perform a confidentiality review of the transcript and redact any confidential or exempt information pursuant to state or federal law. The requestor shall bear the cost of the transcript preparation and confidentiality review.

(5) Interim Disciplinary Action. Based upon a student organization's alleged behavior, the Vice President, the Dean of Students, (or their designee(s)) may impose an interim disciplinary action prior to the initiation of formal charges under the Student Organization Conduct Code or a student organization's hearing on the facts of the case.

(a) When the student organization's actions/behaviors affect the safety, health, or general welfare of a student organization and/or the University community, an interim disciplinary action may be issued. Some of the restrictions that may be placed on the student organization during the interim disciplinary action period include, but are not limited to barring or limiting some or all of the organization's activities and/or privileges (including, but not limited to: social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position.); entrance into University residence halls or other areas of campus, or contact with another specified person(s). While on interim disciplinary action, the student organization loses its University recognition and/or registration for the suspension period. While an organization is suspended, it may not use the University resources or participate as an organization in any University activities or events.

(b) The interim disciplinary action may include notification of appropriate faculty and staff, and restrictions including but not limited to, suspension, limited class attendance, use of University facilities, participation in student organization activities, representation of the University on athletic teams or in other leadership positions, entrance into University residence halls or other areas controlled, leased, or used by the University, or contact with specified person (s).

(c) An interim disciplinary action requires that the student organization be notified in writing.

(d) The student organization may request a meeting to discuss the restrictions

imposed by the interim disciplinary action. The student organization's request must be in writing to the Dean of Students.

(e) If a meeting is requested on the interim disciplinary action, a meeting will be scheduled within three (3) class days of the receipt of a written request. The Dean of Students (or designee) will conduct the meeting. The student organization will be notified of the outcome of the meeting in writing. The written notification of the outcome is final as to the interim disciplinary action, pending the final results of the Student Organization Conduct Code process.

(f) Formal charges under the Student Organization Conduct Code may be filed at the completion of all law enforcement investigations or as soon as practicable, even if law enforcement investigations or criminal proceedings are ongoing.
